

Numeral 29 - 85% - Additional Location

Joseph Laura (#1238)

The Catalog of United States Perfins notes that the user of perfin numeral 28 was the Ehret Magnesia Company located in Philadelphia, Pennsylvania.

The corner card and postmark on the cover shown to the right are from Valley Forge, Pennsylvania. The July 17, 1924 mailing also provides us with some additional information about the company. Please note that the company's full name is given on the cover as "Ehret Magnesia Manufacturing Company."

It appears that this name and location should be included in *The Catalog of United States Perfins*. A photocopy of the cover has been sent to John M. Randall, the US Catalog Editor for his consideration.

EHRET MAGNESIA MANUFACTURING CO.
